WORK EXPERIENCE

Infotact Solutions

Web Development Intern

Jun 2025 - Aug 2025

- Contributed to the development of two major projects: **DesiEsty** (a niche e-commerce platform for handmade products) and **HomeCook Food** (a food delivery platform).
- Built authentication, protected routes, and responsive UI components using **React.js**, **Redux Toolkit**, and **Tailwind CSS**.
- Integrated **Node.js**, **Express**, and **MongoDB** APIs to handle product management, authentication, and data flow.
- Collaborated with a team to implement clean architecture and improve performance across the applications.

EDUCATION

GIIT Professional College

Bachelor of Computer Applications

Jul 2023 - Present

- Relevant coursework: Data Structures, Algorithms, Database Management, Web Development, Object-Oriented Programming.
- Actively building full-stack projects to strengthen practical skills in **MERN stack development**.

PROJECTS

TodoCollab Board – Real-Time Collaborative To-Do App

Aug 2025 - Sep 2025

- Developed a **real-time task collaboration board** using **React**, **Redux**, and **Socket.IO**.
- Implemented features like **drag-and-drop Kanban board**, **activity log**, **comments**, and **conflict detection UI**.
- Created a professional dashboard layout with **Navbar**, **Sidebar**, and **Kanban board** for smooth user experience.

FoodComma – Online Food Ordering App

Mar 2025 - Jun 2025

- Built a **full-stack food ordering system** with user authentication, product listings, and order management.
- Developed backend APIs with **Node.js**, **Express**, **MongoDB** and integrated them with frontend UI.
- Used **Tailwind CSS** for responsive design and **React.js** for dynamic interactions.

UltraAuction – Lowest Unique Bid Auction Platform

Oct 2024 - Dec 2024

- Built a **full-stack auction platform** using **React**, **Redux Toolkit**, **Node.js**, **Express**, and **MongoDB**, featuring OTP-based authentication, bid history tracking, and a real-time leaderboard.
- Integrated **Cloudinary with Multer** for seamless image uploads and **Razorpay Payment Gateway** for secure transactions.
- Designed and developed a clean, responsive, and user-friendly UI with **Tailwind CSS**.

SKILLS

- Frontend:** React.js, Redux Toolkit, Tailwind CSS, HTML, CSS, JavaScript (ES6+)
- Backend:** Node.js, Express.js, RESTful APIs, Socket.IO (real-time communication)
- Database:** MongoDB, Mongoose
- Tools & Platforms:** Git, GitHub, Postman, Vercel, Render
- Other Integrations:** Cloudinary (file/image upload with Multer), Razorpay (payment gateway) & JWT
